## **REPORT OF FOREST FIRE WARDEN AND DISTRICT CHIEF**

After several successive years of drought, the rains of 1967 came as a welcome change. Our record of the past fire season is good. Our thanks to all who contributed to achieve this good record. Continued improvement in the matter of accurate, prompt detection and rapid effective suppression action can help to maintain this good, worthwhile record even though we do not have an abundance of rain as in the fire season of 1967.

It will help if we follow these simple suggestions:

1. No burning of debris and waste between the hours of 9:00 A. M. and 5:00 P. M. and then only with a written permit from the Forest Fire Warden.
2. Take debris and waste to the town dump.
3. Maintain a clean, safe dump.
4. Keep matches away from young children.
5. Be sure matches and smoking material are dead out when we discard them.
6. Set good example for others in fire prevention.

### **Number of Fires and Acres Burned in 1967**

State — 408 Fires, 520 Acres burned

District — 34 Fires, 12 Acres burned

Town — No fires - no acres burned

## SECOND ANNUAL REPORT BY THE HOLDERNESS WATER LEVEL COMMITTEE

Admittedly there is less interest in water level matters when the lake is full as it was throughout most of 1967 but the Committee continued to function as an information gathering and coordinating agency.

After a slightly subnormal runoff at the beginning of Spring the Squam Lakes started to fill and rose to a height of 562.6 feet above sea level.

The New Hampshire Water Resources Board maintained a close scrutiny of the lake's water level and reported an optimistic hydrologic picture entering April with snow-water drainage in the 57.85 square mile Squam Lakes watershed much more substantial than the year before.

Also well worth noting is the petition drawn up and signed by some concerned lake property owners. Under the provisions of RSA 484:1 this citizen's group urged the Water Resources Board "... for an investigation of conditions affecting the use and enjoyment of such public water ..." contending that a low water level is injurious to recreational and property values. Reference was made to the Board's 1951 publication on the Proposed Operation of Squam Lake.

But by no means second in importance was the drafting of House Bill No. 208 introduced by the late District 7 representative Tom Pryor of Ashland. It asked the General Court to approve and appropriate \$25,000 "to make repairs and modifications" to the state-owned dam at Ashland. This request was finally slashed by \$10,000 and the Board has since deemed it wiser to wait for full fiscal backing as opposed to a patch job.

Going into the last few days of 1967 there was a renewed concern over Squam Lake's water level, this time in reference to water spilling over the top of the dam. The Water Resources Board reassured your committee that a given volume of water was being released and checked. The fact that gate sluiceways are sometimes blocked by debris explains the passage of water over the top. The Board has supplied the Committee with the necessary data for calculating flow downstream of the dam.

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Library, Fire Department, Park Board, Zoning Commission, Holderness Cemetery Fund and Trustees of Trust Funds.

**Financial Statements**

**Comparative Balance Sheets: December 31, 1966 to  
December 31, 1967:**  
(Exhibit A-1)

Comparative Balance Sheets as of December 31, 1966 and December 31, 1967, are presented in Exhibit A-1. As indicated therein the Surplus increased by \$1,229.99 during 1967.

**Analysis of Change in Financial Condition:**  
(Exhibit A-2)

An analysis of the change in financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein.

## **Comparative Statements of Appropriations and Expenditures — Estimated and Actual Revenues:**

(Exhibits A-3 & A-4)

Comparative Statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1967 are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4) a net unexpended balance of appropriations of \$2,087.86, plus revenue surplus of \$2,542.13, resulted in a net budget surplus of \$4,629.99.

## **Summary Statement of Receipts and Expenditures:**

(Exhibit B-1)

A summary statement of receipts and expenditures for the fiscal year ended December 31, 1967, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1967, is indicated in Exhibit B-2.

## **Other Departmental and Agency Accounts:**

(Exhibits E, F, G, H, and I)

Presented in Exhibits E thru I are statements showing the activity in the accounts of the Library, Fire Department, Park Board, Zoning Commission and Holderness Cemetery Fund.

## **Statement of Long Term Indebtedness:**

(Exhibit K)

A statement of the outstanding long term indebtedness as of December 31, 1967, showing annual debt service requirements, is contained in Exhibit K.

## **Audit Procedure**

The accounts and records of all town officials charged with the custody, receipt and disbursements of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as with entries in the books of records. Receipts were checked by source insofar as pos-

sible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements submitted by depositary banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

### General Comments

#### Current Surplus:

The current surplus (Excess of total assets over current liabilities) decreased from \$23,232.29 to \$22,362.28 as shown below:

|                     | Dec. 31, 1966 | Dec. 31, 1967 |
|---------------------|---------------|---------------|
| Total Assets        | \$84,749.99   | \$90,091.41   |
| Current Liabilities | 61,517.70     | 67,729.13     |
| Current Surplus     | \$23,232.29   | \$22,362.28   |

#### Uncollected Taxes:

As of December 31, 1967, delinquent property and yield taxes amounting to \$1,357.93 on account of the tax levies of 1964 and prior years remained outstanding on the tax collector's warrants, as detailed below:

|              |            |
|--------------|------------|
| Levy of 1964 | \$936.85   |
| 1962         | 129.20     |
| 1961         | 115.54     |
| 1960         | 80.00      |
| 1958         | 96.34      |
|              | <hr/>      |
|              | \$1,357.93 |

Prompt and effective steps should be taken by the tax collector to enforce collection of these delinquent taxes. In cases where taxes are deemed uncollectable, the Board of Selectmen should issue abatements to clear the tax collector's accounts.

### Unredeemed Taxes:

There were, as of December 31, 1967, unredeemed taxes from the tax sales of the tax levies of 1964 and prior years as follows:

|              |         |
|--------------|---------|
| Levy of 1964 | \$32.70 |
| 1963         | 8.01    |
| 1961         | 8.28    |
|              | <hr/>   |
|              | \$48.99 |

Inasmuch as the two year period provided by law in which redemption from tax sales may be made has expired on all these unredeemed taxes, the tax collector should deed all of the properties represented by these unredeemed tax levies to the Town at once.

### Conclusion:

The provisions of Chapter 184, of the laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Holderness for their assistance during the course of the audit.

Yours very truly,

## MINUTES OF ANNUAL MEETING MARCH, 1967

---

The annual meeting of the Holderness School District was called to order at 4:30 P.M. on March 4, 1967, by the moderator, Mr. Carlton Elsner. The moderator read the articles of the warrant. Mrs. Henderson moved, and Mr. McLeod seconded, Article I as follows:

I move the polls remain open for voting on Article I until 9:00 P.M. and that the remaining articles be acted upon at 8:00 P.M.

The motion was carried unanimously.

The meeting was brought to order at 9:00 P.M. by Mr. Elsner. Mr. Hall offered a prayer.

Mr. Colliander moved and Mr. Brown seconded Article II as follows:

I move the District approve the salaries of the School Board, Attendance Officer and other officers and agents of the District as proposed in the budget, namely: School Board \$200 each; Chairman \$225; Clerk \$10; Treasurer \$150; Moderator \$10; Ballot Clerks \$10; Census Taker \$35; Attendance Officer \$10; Bookkeeper \$500 as proposed in the budget.

The motion was carried by voice vote without opposition. Mr. Beij moved and Mr. Rice seconded Article III as follows:

I move the District accept the reports of the audit of the General Fund, Treasurer, School Lunch Program that was made by the Division of Municipal Accounting of the State Tax Commission and the reports of the Agents of the District as printed in the Annual Report.

The motion was carried by voice vote without opposition.

Mrs. McCormack moved and Mr. Ford seconded Article IV as follows:

I move the District authorize the School Board to enter into a yearly tuition contract with Inter-Lakes School District for pupils in grades 9 through 12.

The motion was carried by voice vote without opposition.

The moderator read Article V as follows:

I move that the District vote to accept the provisions of Title I of Public Law 89-10 and to appropriate the sum of \$831.76, such monies having been made available to the District under said Federal Act for such particular projects as may be determined by the School Board. I further move that the District authorize the School Board to make application for such funds and to expend the same for such projects as it may designate.

Mr. Colliander said the school board has tentative plans for a kindergarten. The subject matter of Article V would be more appropriate after Article VII. He moved Article V to be tabled after Article VII had been discussed. Mr. Currier seconded the motion. The motion was carried by voice vote without opposition.

Mr. Greenwood moved and Mrs. Ayer seconded Article IV as follows:

I move the District vote to approve the contingency fund of \$250 listed in the budget.

The motion was carried by voice vote without opposition.

Mrs. Henderson moved and Mrs. Wolf seconded Article VII as follows:

I move the District vote to raise and appropriate the sum of \$124,912.93 for the support of schools, for the payment of salaries for school district officials and agents, and for the payment of statutory obligations of the District.

Mr. Beij asked if transportation would be included. Mrs. Henderson said the problem couldn't be solved until area study group is resolved - once we determine the status of the high school the transportation question will be brought up again. Mr. Currier said Camp-ton has approximately \$5,000 for transportation. Other towns have funds available at the cost of each family. Mr. Colliander said Holderness students go to many high schools, have to have adequate transportation. Most go to Plymouth. Mrs. Henderson said we have a surplus from last year's budget. The school board would like to black top a play area — 270 yards. Mr. Currier said a kindergarten was under consideration. Hopefully, with \$500 we could furnish enough material to take care of the children. No details on the kindergarten yet. The board felt the idea should be brought before the meeting. If the meeting is in favor a further study will be made. Mr. Beij stated that the usual reason for a kindergarten is to give deprived children a head start. Mr. Currier said the need is shown by the first graders who come each year. Mrs. Wolf asked if any federal money would be available. Mr. Colliander answered money has been available under 89-10. Hopefully, transportation could be arranged. The moderator asked if there were further questions on the budget. Mr. Colliander pointed out that the money to be used for the kindergarten and the black top project would be surplus money - and would come under bookkeeping items. Mr. Fiore asked about the teacher's salary. Mr. Colliander answered the teacher would be covered under Article VII. Mrs. Henderson pointed out the budget committee had approved the school budget. The moderator asked if there were any objections to these two proposals. Mrs. Ayer stated that kindergartens are being increasingly emphasized state wide. Mr. Currier said there were no other public kindergartens in some distance, but that this would be still in the study stage.

The motion was carried by voice vote without opposition.

At this point the meeting returned to Article V. Mr. Fiore moved and Mr. Colliander seconded the motion. Mr. Colliander pointed out that last year we had \$831 - the remedial reading teacher would be used again. However, it is hoped the kindergarten would prevent some of the remedial work.

The motion was carried by voice vote without opposition.

Mrs. Corbett moved and Mr. Ford seconded Article VIII as follows:

I move the District authorize the School Board to make application for and to accept, on behalf of the District, any or all grants or offers for educational purposes which now or hereafter may be forthcoming from the State of New Hampshire and/or United States.

Mrs. Henderson asked permission for Mr. Heffernan to speak. It was voted aye. Mr. Heffernan said the article has been in the warrant for several years. This year the money is to be used to buy books. The Holder-ness Boys School also comes under this Article. This if over and above Title I and III - must be in to accept driver education money. Mr. Colliander stated that the article covers things that would normally accrue to the school board - hot lunch programs, etc.

The motion was carried by voice vote without opposition.

The moderator read Article IX as follows;

To see if the District will pursuant to N. H. RSA 195-A: 3, create an authorized regional enrollment area school planning committee consisting of three qualified voters of whom at least one shall be a member of the School Board.

After considerable discussion during which the school committee explained the concept of the area school as opposed to the cooperative school and explained further that it was trying only to present all avenues to the meeting the motion moved by Mr. Ford and second-

ed by Mr. Rice was carried without opposition. Mr. Ford then moved as follows - seconded by Mr. Rice:

I move that the school district authorize the school board and the moderator to appoint an area school planning commission.

Mrs. Cote asked if we were going to study how others do it. Mrs. Ayer pointed out that there were few schools with which to compare. Most were still in the process of study.

The motion was carried by voice vote without opposition.

The moderator read Article XII as follows:

To transact any other business that may legally come before the meeting.

Mrs. Henderson said there had been no further word on the application for funds for the science center. The moderator reminded the meeting that the town meeting would be held at 7:30 at night. Mr. Currier asked for a vote of appreciation to Mrs. Henderson, retiring chairman, for her work on the committee. The vote was aye without opposition. Mr. Ford spoke again of the town meeting to clarify the voting hours — 10-6 to vote: 7:30 PM for the meeting. Mrs. Ayer requested a vote of thanks to Mrs. Henderson and the School Board in general for their work. She stated the town should be grateful to the entire board for keeping the taxes down, for staying within the budget. Vote of thanks was given without opposition.

There being no further business Mr. Ford made a motion to adjourn. Motion seconded by Mr. Rice.

The polls were closed at 9 P.M. and the ballots counted by the ballot clerks. The results of the ballots were read by Mr. Elsner as follows:

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Holderness:

I respectfully submit my thirteenth annual report as Superintendent of Schools of the Holderness School District.

### Staff

Holderness Central School opened in September of 1967 with the following new members of the staff:

Mrs. Virginia H. Cushing of Plymouth, N. H. and a graduate of Plymouth State College, is teaching the Kindergarten class in the morning and is teaching grade five language arts and reading in the afternoon. Mrs. Cushing was a former teacher in Rumney and Ashland, and did substitute teaching in some of the neighboring towns. Prior to teaching in this area she taught for six years in the mid-west.

Mr. Richard G. Goyette, of Concord and a graduate of Plymouth State College, replaced Kenneth Moulton as social studies, science, physical education teacher, and coach in grades five through eight. Mr. Goyette was Teacher-Principal at the Campton Central School last year, served three years in the U. S. Navy and was a former member of the Boston Red Sox Ball Club.

Mrs. Barbara A. Keenan, of Andover, Mass. and a graduate of Merrimack College, replaced Mrs. Linda MacLeod as teacher of language arts, social studies and coach of the girls' athletics. She taught for one year in grades seven and eight in the Atkinson Elementary School.

Mrs. Ronaleen Reese of Reedsville, Ohio and a graduate of Bethany College with a major in music, assumed the duties as music teacher for the first semester.

Mrs. Eileen Sargent, of Holderness and a graduate of Plymouth State College, was employed to replace Miss Helen C. Draper in grade one. Miss Draper has retired, but returned for the first quarter year as there was no teacher available. Mrs. Sargent taught Kinder-

garten in Terriffville, Conn. and was a member of the Laconia School District staff as a first grade teacher in 1965 and 1966.

Mrs. Mavis O. Corbett, who has been special help and remedial reading teacher, assumed the duties in grade two replacing Mrs. Susan Robins who was the teacher for the second semester replacing Mrs. Theodore Haughton at the mid-year.

Mrs. Mary S. Richards, R. N., of Holderness and a graduate of Wells College, Aurora, N. Y., and Yale University School of Nursing with a Master's Degree in Nursing, is replacing Mrs. Lumina Straw as Nurse-Teacher. Mrs. Richards has worked for the Bureau of Public Health in Washington, D. C. as Camp Nurse for one summer and as a nurse at the Sceva Speare Memorial Hospital in Plymouth.

### **Additions and Improvements**

The program of having the graduating class plant shrubs in front of the school was continued and two more trees were planted.

Venetian blinds were installed in the grade seven-eight classroom.

A hard surface play area for basketball was constructed on the playground.

A kindergarten program was started as part of the elementary school and this has proven to be very beneficial in the readiness area.

### **Area School**

At the Annual School District Meeting in March of 1967, an Area School Study Committee was appointed. Kevin J. Barlow served as chairman, and Barbara Currier and Concetta O'Donnell were the other two members. There were eight districts involved: Ashland, Campton, Holderness, Plymouth, Rumney, Warren, Wentworth and Thornton. The districts of Campton, Holderness and Plymouth agreed to form an Area School Complex which the State Board of Education approved and since then Rumney and Wentworth Districts have voted to become a part of the plan.

Plans are now underway for the construction of a new senior high school, grades nine through twelve, which is anticipated to be ready in the Fall of 1969. In the Area School Plan the sending district assumes a share of the cost of operation and capital outlay and by doing this a much better program can be made available.

### **Conclusion**

The School Board is responsible for the continued improvement of education for all children. Good leadership, planning and organization is necessary if we are to meet the new challenges in schools today, and the Holderness School Board is to be congratulated for the way in which they meet their obligations.

Two outstanding incidents this year have been the Area School and the instituting of the Kindergarten as part of the elementary program where there are 23 in attendance out of a possible 26 youngsters.

Ralph T. Colliander resigned from the Board in October as he assumed the duties of Operation Officer with Mohawk Airlines in New York State.

The Board appointed Frederick C. Brown to fill his unexpired term until this annual meeting.

I wish to take this opportunity to express my appreciation to Mr. Guy D. Kenneson, Principal, and members of the teaching staff for the patience, enthusiasm and devotion to their duties, and to the Lunch Program Staff, Custodian and bus operators for their part in helping in the overall education of the children.

I also wish to thank the Highway Department for their cooperation in helping in the safe transportation of the pupils by keeping the bus routes and school grounds open by plowing and sanding during the hazardous winter months.

**MARTIN E. HEFFERNAN, Superintendent**

## REPORT OF THE PRINCIPAL

To the School Board, Superintendent of Schools, Parents, and Citizens of Holderness.

I hereby submit my third annual report as Principal of the Holderness Central School.

We opened in September with 186 students which was considerably more than ever before. Due to this number it has created a need of space.

Mr. Goyette has replaced Mr. Moulton in the 7th and 8th grades with Mrs. Keenan replacing Mrs. MacLeod in the 6th grade. Miss Draper kindly consented to come out of retirement to take over the first grade until a regular teacher could be found. Mrs. Currier also came out of retirement to fill in for Miss Draper who took sick. Finally, Mrs. Sargent was hired to finish the year. Mrs. Corbett moved into the 2nd grade this year in place of Mrs. Robbins. Mrs. Cushing was hired to teach the 5th grade in the afternoon and Kindergarten in the morning.

Improvements have been made in several areas this year and they are as follows: A 60'x40' outdoor multi-purpose court has been put in to serve all the students. A form of jungle gym for the lower grades has also been installed.

Skating is again enjoyed by the students due largely to the efforts of the Holderness Fire Department. A special thanks should be given Mr. Charles Currier, Mr. Hunt, and Mr. Thompson for their efforts.

The students from Holderness Boys School under the direction of Mr. Hoag gave the students of Holderness a Christmas Party which was greatly enjoyed.

The Sports program has continued to move ahead under the direction of Mr. Goyette.

Mrs. Carvelli and Mrs. Hayes have continued to make a hot lunch program of the best in the state. Mr. Bushnell and Mrs. Reese have helped to expand our music program.

The most important program started this year has been the Kindergarten program under the very capable guidance of Mrs. Cushing who came to us from Rumney where she had a very successful "Project Headstart."

Transportation had to be provided by the parents and on opening day we had 25 little tots at our door out of a possible 26, so you can see the interest of the parents. It has been very rewarding for me to see these little students progressing rapidly under Mrs. Cushing's guidance.

The P. T. A. this year gave us a new 3M107 copier, which has been of the utmost help.

In conclusion I would like to thank each of you and especially the members of the School Board, Mr. Hefernan and the members of the staff who have worked so cooperatively with me to make it a most enjoyable year.

Respectfully submitted,  
GUY D. KENNESON, Principal
